Subject NCI Course Update- September 2025

Thread Subject Re: NCI Course Update- September 2025

Return-Path <India@ncirl.ie>

Dear Partner

Greetings from NCI!

Please be advised that the **MSc Cyber Security program** commencing September 2025 has reached maximum capacity and is now closed for fee payments.

Please contact us immediately if you have students who have already initiated a payment for these courses and confirm the student's full name and student ID.

Students who have missed out on a space on these programs may wish to consider an alternative course or may wish to defer their offer to the next available intake.

Students who have not made the threshold fee payment will be unable to secure a place. Fee payments that reach us after the course closes will not be accommodated and will be required to defer to the next available intake.

In addition to the above, the following courses are nearing the capacity

- Msc Data Analytics
- Msc Cloud Computing

Students should proceed with a fee payment of €7500 as soon as possible in order to secure a place. We will process fee payments on a first come, first served basis.

Fee payments that reach us after the course closes will not be accommodated and will be required to defer to the next available intake

Information on how to pay the fee along with our refund policy can be found at www.ncirl.ie/Students/International/Fees-and-Funding.

Thank you for your continued support.

Program status for September 2025

Course	Status
MSc Cyber Security	Closed for Applications and payments
Msc Data Analytics	Nearing Capacity/Open for Applications and payments
MSc Cloud Computing	Nearing Capacity/Open for Applications and payments

-- Thanks

Subject: NCI Course Update- September 2025

Dear Partner

Greetings from NCI!

Please be advised that the **MSc Cyber Security** commencing September 2025 is nearing capacity.

Students should proceed with a fee payment of €7500 as soon as possible in order to secure a place. We will process fee payments on a first come, first served basis.

We will confirm with you when the course reaches 100% capacity. At that point we will close for fee payments and students who have not made the threshold fee payment will be unable to secure a place.

Fee payments that reach us after the course closes will not be accommodated and will be required to defer to the next available intake.

Information on how to pay the fee along with our refund policy can be found at www.ncirl.ie/Students/International/Fees-and-Funding.

-- Thanks
